

Subject: California University of Pennsylvania: Chemistry Program - Temporary Pool Faculty

From: SACP Information <SACPInfo@pittcon.org>

Date: 7/18/2016 2:08 PM

To: Undisclosed recipients;;

General Chemistry and/or Biochemistry. California University of PA, California, PA.

The ACS-approved Chemistry program at CalU seeks applicants to teach a variety of chemistry courses for the 2016-7 academic year, especially in the areas of General Chemistry I in the Fall 2016 and Biochemistry in the Spring 2017 semesters.

California University of Pennsylvania, a comprehensive regional institution of higher education and a member of the Pennsylvania State System of Higher Education, is a diverse caring and scholarly learning community dedicated to excellence in teacher preparation, liberal arts, science and technology, and professional studies that is devoted to building character and careers broadly defined. The University enrolls more than 9,000 students in graduate and undergraduate programs taught by over 300 full-time faculty.

To be considered, applicants must submit: a curriculum vitae (with contact information for references included); transcripts from all colleges and universities attended; letter of application highlighting the applicant's qualifications and teaching interests. Applicants must apply online at <https://careers.calu.edu> and apply to posting 10632: Chemistry Program- Temporary Pool Faculty. Physical resumes will not be accepted. Applications will be reviewed upon completion until the position is filled. **EOE**
